**IMPORTANT NOTICE REGARDING
DIAGNOSTIC TESTING**

Our doctors frequently order medically necessary tests that are performed outside of our office. This includes lab tests, allergy testing, CT's, MRI's, ultrasounds, etc. It is the **patients** responsibility to make sure these services are covered by their insurance company. You can obtain this information by calling the phone number located on your insurance card. At the time of your call, you may want to check benefits for this test(s) to see if you must meet a deductible, have a copayment, etc.

Our staff will obtain precertification if it is required by your insurance company. You will be notified prior to your appointment if there is a problem with the precertification.
